Professional Summary

A **Data & Analytics Professional** with 10+ years of experience leveraging a strong foundation in finance and accounting to drive business performance. Proven ability to translate complex data into actionable insights and automate processes using Python, JavaScript, and Node.js. Successfully developed data visualization dashboards and automation scripts that increased efficiency by 40% and reduced errors by 15%. Eager to apply analytical and governance expertise to optimize performance within the FMCG sector.

Relevant Technical Projects

Departmental Budget Visualization Dashboard

Technologies: *JavaScript, Node.js, Express.js, Data Visualization Libraries*

- Architected and developed a full-stack interactive web dashboard to provide real-time visualization of departmental budget utilization against forecasted targets.
- Empowered department heads with self-service analytics, enabling faster, data-driven decisions on expenditures and resource allocation.

Financial Report Automation Script

Technologies: *Python, Pandas Library*

- Engineered a robust Python script to automate the ETL (Extract, Transform, Load) process from multiple complex Excel sources for financial reporting.
- Generated draft monthly P&L statements, significantly reducing manual consolidation work and eliminating the potential for human error.

HR Analytics Dashboard

Technologies: *Python, React, Data Visualization, HRIS Integration*

- Developed a comprehensive HR analytics dashboard that tracks key metrics including employee turnover, attendance patterns, and demographic analysis.
- Automated data collection from multiple HR systems, reducing manual reporting time from 2 days to 3 hours while improving data accuracy by 100%.

Professional Experience

Accounting Supervisor

PT Televisi Transformasi Indonesia (Trans TV) | Jakarta, Indonesia | June 2019 – Present

- Supervised an accounting team of 3 members, overseeing the full cycle of AR, AP, and General Ledger operations.
- Led month-end and year-end closing processes, ensuring the timely and accurate delivery of financial reports to management.
- Reviewed and approved operational fund requests, ensuring strict alignment with corporate budgets and financial governance policies.
- **Key Achievement:** Developed a Python script to automate monthly reconciliation reports, reducing processing time by 40%.
- **Key Achievement:** Implemented a new data verification procedure that successfully decreased data entry errors by 15%.

Accounting Staff

PT Televisi Transformasi Indonesia (Trans TV) | Jakarta, Indonesia | August 2015 – May 2019

- Managed daily journal entries, performed bank reconciliations, and prepared foundational financial statements.
- Administered the full cycle of vendor invoices and payments and monitored accounts receivable status.
- Assisted in data preparation for annual budgeting and external auditing processes.

Store Manager

J.CO Donuts & Coffee | Cirebon, Indonesia | March 2012 – April 2014

- Held full P&L responsibility for the store, managing operational budgets and costs to achieve profit targets.
- Performed daily sales analysis to identify trends and inform inventory and staffing decisions.
